

5 Star

40 YEAR LIMITED WARRANTY

North Star Metals Inc. (NSMI) warrants that the *XT-40 Super Durable SMP Coil Coating Systems*, Energy Star approved with cool pigments, in accordance with Dura Coat Products Inc. application and product data sheets, will not under normal atmospheric conditions:

- A. Chip, Crack, Check, or Peel for a period of (40) forty years from the date of sale.
- B. Chalk in excess of a numerical rating of (8) for a period of (30) years from date of installation when measured in accordance with the standard procedures outlined in ASTM D-659 on vertical (sidewall). On horizontal application (roofing), chalk will not exceed a numerical rating of (6).
- C. Fade or change color in excess of (5) E units for a period of (30) years from the date of purchase on vertical (sidewall) and (7) E units for horizontal (roofing) application when calculated in accordance with ASTM D-2244. The color change is to be measured on exposed painted surface cleaned of surface soils and oxidation. In addition, labor costs to re-coat a field failure will be included.
- D. Coverage is warranted against red rust for a period of ten (10) years, no greater than one half inch from cut edge.

This warranty is restricted to failures resulting from normal weathering, and does not include failures caused by scratches, scrapes, improper handling, storage, or any unnatural damage. NSMI accepts no responsibility for damages caused by acts of God, radiation, falling objects, explosions, or other external forces beyond NSMI's control.

This warranty excludes failures caused by improper installation, including but not limited to, improper or inadequate use or application of fasteners, trim, and accessories.

This warranty excludes failures caused by standing water, and direct exposure to corrosive and aggressive atmospheres including animal waste products. Applications exposed to salt spray within 1500 feet of the seacoast, must be maintained by washing with fresh water at least biannually and documentation of this maintenance provided upon request.

NSMI responsibility extends only to the direct cost of refinishing or replacing failed coated substrate. NSMI cannot accept liability for loss or damage to other property or equipment, loss of profits or sales, or any other claims relative to standard business interruption, or any other incidental or consequential damages.

NSMI reserves the right to establish whether repainting or replacing the material is required, and to approve and participate in the negotiation of any substrate material replacement, installation, or refinishing. After replacement or refinishing of repaired area, this area will be considered as installed as of the original installation date for the purpose and application of this warranty.

Claims of this warranty must be submitted in writing within forty five (45) days of discovery of the warranted performance failure, and NSMI requires the opportunity for site failure inspection and investigation. NSMI also reserves the right to solely evaluate and determine its obligation under the terms and conditions of this warranty.

The company seeking the warranty shall maintain, or have access to, adequate records to identify the coil numbers, product identification, date of purchase, and date of installation. In event of a claim, NSMI reserves the right to inspect all records mentioned above, and will assume no responsibility without the above mentioned records.

This limited warranty shall be governed by the laws of the State of California.
